As a Product Analyst on the Prime Video team, you are tasked with evaluating content engagement across various movie and show categories....

Question 1: What is the aggregated view events across each content category in August 2024? This information will help the Prime Video team understand which content genres are engaging users during that month.

```
SELECT category, SUM/views) AS views
FROM content_views_daily_agg
WHERE view_date BETWEEN '2024-08-01' AND '2024-08-31'
GROUP BY category
ORDER BY views DESC;
```
