

Microsoft

As a Product Analyst for Microsoft Teams, you are collaborating with the security team to enhance data security in file sharing and co-editing activities....

Question 1: What is the average length of the file names shared for each organizational segment in January 2024?

```
SELECT AVG(LENGTH(f.file_name))AS  averag_length_file_names, d.segment
FROM fct_file_sharing f
LEFT JOIN dim_organization d
ON f.organization_id = d.organization_id
WHERE f.shared_date BETWEEN '2024-01-01' AND '2024-01-31'
GROUP BY d.segment;
```

Question 2: How many files were shared with names that start with the same prefix as the organization name, concatenated with a hyphen, in February 2024?

```
SELECT COUNT(*) AS file_count
FROM fct_file_sharing f
JOIN dim_organization o
    ON f.organization_id = o.organization_id
WHERE f.shared_date BETWEEN '2024-02-01' AND '2024-02-29'
    AND f.file_name LIKE o.organization_name || '-%';
```

Question 3: Identify the top 3 organizational segments with the highest number of files shared where the co-editing user is NULL, indicating a potential security risk, during the first quarter of 2024.

```
SELECT d.segment, COUNT(*) AS file_count
FROM fct_file_sharing f
JOIN dim_organization d
ON f.organization_id = d.organization_id
WHERE f.shared_date BETWEEN '2024-01-01' AND '2024-03-31'
      AND f.co_editing_user_id IS NULL
GROUP BY d.segment
ORDER BY file_count DESC
LIMIT 3;
```
